PRESIDENT'S

MESSAGE

In addition to enjoying all the friendship, fun and entertainment offered at our recent 1976 convention, attending the various programs and participating in the official functions, I also became convinced that our association's greatest current needs are to increase membership and to observe the three Cs'.

In spite of all the precautions taken and the hard work done to avoid them, any activity as large as our state convention, usually develops some problem areas that have a detrimental effect on the overall success of the activity. This was true of our 1976 convention. These problems are often caused by failures in what I have called the three Cs': coordination, cooperation, and communication.

If you were responsible in any way for the planning and conduct of our convention, and if problems developed in your area of responsibility, you probably found that they were caused by a break-down in one of the three Cs'.

For that reason, I urge all of you to join with me, in observing the three Cs' in discharging your responsibilities as officers and as members of the TNA. This will be our immediate objective because success in this area will assure greater success in all other objectives.

Our second major objective must be increased membership. Our 2nd VP, Marvin Currie, is our member-

ship chairman, and his committee consists of all our district governors. They need your help! Any new membership campaign launched by them can succeed only if they have your support through use of the three Cs'.

Because our membership showed little, if any, growth during the past year, one can only conclude that many members failed to sign up at least one new member that we established last year as our goal. Fortunately, many did much better, or we would have suffered a net loss. This year, please do your part and if you fail to meet your quota of one, don't let it be because you didn't try.

We have overcome several difficult situations during the past year and, thanks to the generous support and hard work of many, we can face the future financially sound and organizationally strong. Now, let's grow!

 "WARNIX"

On October 8, 1942, a new 5c piece appeared; 56% copper, nine percent manganese, and 35% silver — our first silver 5c coin since the half dimes of 1873. The new coins were called "silver nickels" and "nickless nickels," but the term "wartime nickels" caught on, and eventually was shortened to "warnix" (one coin is a "warnick").

AMARILLO CLUB HOSTS 18TH TNA CONVENTION

An impressive patriotic, red, white and blue Spirit of '76 ceremony welcomed over 5,000 visitors to the 18th convention of the Texas Numismatic Association. The Amarillo, Tex. Coin Club hosted the convention held at the Civic Center on April 23, 24, and 25 in celebration of the American bicentennial.

A ribbon of bicentennial \$2 bills was cut by Amarillo Mayor John Drummond to mark the opening of the annual TNA event. Other dignitaries present were Col. Chas. A. Wingo, Denison, TNA president; Lyman C. Bartee, Austin, immediate past TNA president; Joe B. Davis, Corpus Christi, first TNA president; Fred W. Clark, San Angelo, first vice president; Nela Runkle, Amarillo Coin Club president; and Matt and Mrs. Rothert, Camden, Ark. Rothert is a past president of the American Numismatic Association.

A medley of patriotic songs sung by the Tascosa Freedom singers and a presentation by the Amarillo High School ROTC color guard preceded the ceremony.

On Friday morning, a bus load of guests were treated to a tour of the Panhandle Plains Historical Museum and West Texas State University and at 7 p.m. Jess Peters, Inc. of Decatur, Ill. conducted the first session of the auction. The second session was held Saturday at 1 o'clock.

Saturday was a busy day for conventioners beginning with the annual governors' and club representatives' breakfast with TNA Second Vice President Marvin Currie, Baytown, in charge. The speaker was Lyman Bartee who stressed commitment, accountability and responsibility of

governors and club representatives meeting common problems. Success of the program depends on each one assisting in assigned duties from club representative to governor to second vice president, Bartee stated. He said that each club representative should be given the opportunity at club meetings to encourage all to join their local club, TNA and ANA.

Plaques were presented to D. O. Joplin, Levelland, governor of District 9, and Barney Welch, Dallas, governor of District 5, honoring them as outstanding governors. Club Salute winners were announced with Greater Houston Coin Club placing first, Amarillo Coin Club, second, and San Angelo Coin Club, third. The Club Salute awards are given annually by Fred B. Green of Abilene.

At 12 noon a group of members and guests of the Society of Paper Money Collectors gathered at pool side for a delightful luncheon at the Coronado Inn. Ramon Latimore of Santa Fe, N. Mex. was guest speaker and he gave highlights of New Mexico national currency; background of the persons represented on the currency and the denominations issued. His talk was illustrated with photos and currency specimens. Thos. C. Bain of Dallas was master of ceremonies and Society president is Bob Medlar of San Antonio.

Virgil Hancock, Bellaire, ANA president, spoke briefly on ANA activities at the joint TNA and Organization of International Numismatists educational forum at 3 p.m. Saturday. Russell Rulau, Iola, Wis., editor of World Coin News, gave a report on the possible merger of OIN and Numismatics International of

Dallas. Dave Cervin, Amarillo, followed with a slide presentation on medieval coins. Master of ceremonies was Fred Clark

Speaker for the 5 p.m. program sponsored by the Maximilian Numismatic and Historical Society was Joe Frantz of Monessen, Pa. Frantz chose "Old Ashes of an Empire" as his topic relating events in the life of Maximilian who was emperor of Mexico for a brief period. His talk was followed by a slide showing of Maximilian and the coins issued during his time. Frantz is MNHS vice president.

Others participating in the program were Miriam Gilmore, TNA NEWS editor, explaining how the Society got its beginning; Fred Clark, giving the background on the 1863 medalet of the "Junto de los Notables;" and C. H. Roberts, Corpus Christi, MNHS president, speaking on medals representing a century of banking. Coins of Maximilian and related items were on display. Dave Cervin served as MC.

Following the educational programs was a presentation by the nationally acclaimed Kwahadi Indians. The group is made up from Explorer Boy Scout troops of Amarillo and ages range from 10 to the late teens. The costumes and lively Indian dances performed to Indian chants are authentically re-created and the audience response was one of enthusiasm for the boys. A spokesman for the group said they will soon leave on a 2 month tour taking them to New York performing in several large cities and participating in various bicentennial celebrations over the country.

Ninety seven guests attended the awards' breakfast held early Sunday morning honoring exhibitors. Fred Clark, MC, introduced special guests Virgil Hancock, ANA president; Grover Criswell, ANA vice president;

Virginia Culver, ANA past president Adne Wilde, head exhibit judge Thos C Bain, TNA convention coordinator, and Lloyd Colvin, convention chairman. Judges were Stanford (Mac) Kennady Virginia Culver and Ouida Davis.

Exhibit winners were: Larry McKinney, best in show, John Spradling L. G. Davenport Numismatic Error award; Wayne Arnold Jr., Molly and Gary Gerald Kennedy award for the best John F. Kennedy display; Carl Anderson, Reagan Memorial Foundation award in honor of W H Philpott for the best currency display; and William Tate Jr., best bicentennial theme display.

Others were: U.S. coins - Mrs. Frank Galindo, 1st; Dave Cervin, 2nd. Frank Galindo, 3rd. Norma Mather, honorary; U.S. paper money since 1861 - D. O. Joplin, 1st; none others awarded; obsolete U.S. paper money - Carl Anderson, 1st; none others awarded, foreign coins after 1500 A.D. - Frank Galindo, 1st; H. R. Peppard 2nd; Colin Tuttle, 3rd, foreign coins before 1500 A.D. - Larry McKinney, 1st; Dave Cervin, 2nd; Dr. Charles Seward, 3rd. Alan Garrett, honorary.

Also, foreign paper money - H. R. Peppard, 1st; none others awarded. medallie art - W. E. Williamson, 1st, D. O. Joplin, 2nd; Mrs. D. O. Joplin, 3rd; tokens - H. R. Peppard, 1st, Larry Warner, 2nd and 3rd; miscellaneous - William Tate Jr., 1st; Norma Mather, 2nd; Mr. and Mrs. Frank Galindo, tie for 3rd.

In the junior category winners were: Alan Garrett, 1st; Linda Runkle, 2nd; and Gober Pitzer, 3rd.

The annual general TNA meeting was held immediately following the breakfast and was presided over by Col. Wingo, TNA president. TNA special awards were presented at that time.

Clark Coursey, Brownwood, was

TOPICALS AT THE FAIR

For the first time, to my knowledge, a major coin show provided a category for topical exhibits. This show was the first CHICAGO INTERNATIONAL COIN FAIR that was held on Mar. 19-21. I hope that other shows on local as well as regional levels will consider this category in the future.

Awards at this show were only "First In Category" and "Best In Show." As it turned out, the topical category had the most entries with six exhibits although three other exhibits could have been in this category. The exhibit rules for the topical category stated, "An exhibit of numismatic material relating to a particular topic (ie, flowers, birds, explorers, etc.)"

The topical winner was Alvin Kress and the award was sponsored and given by World Coin News. The title of his exhibit was "The Life of Martin Luther" and it was displayed in four cases with white information blocks on a brown background with a 3/4 inch border on an overall black background. In the cases were four coins and 22 medals.

One of the exhibits I liked best was titled "Numismatic's Royal Ladies." This exhibit was not what could be called original because the coins were associated with white typed information blocks on a blue background and set in two cases in a straight linear or block arrangement. The limited information on each coin in this instance did show me considerable research because of

W. B. (BILL) SLATE

my own research for a future topical story on this subject. The difficulty here is that the ladies are often shown with their husbands and the information is on the men. In the case of the "Ladies" of Denmark and the Netherlands there is not much difficulty for those coins issued after 1930. Prior to this, the European Royalty family trees overlap and it is a needle in the haystack to find the maiden names of the queens or the daughters that are portrayed on other coins or medals of other countries. In this exhibit were a few medals and about 20 coins ranging from a Queen Anne silver half crown of Great Britain dated 1706 to the new six queens' crown of the 1975 Cayman Islands issue. Other notable coins on display were a Russian Ruble of Anna Ivanovna dated 1706; silver thaler of Queen Augusta of Prussia dated 1861; Russian Ruble of Catherine II dated 1771 and a Russian silver piece of Empress Elizabeth Petrovna dated 1747. In addition to the previous

In the cases were four coins and 22 medals.

One of the exhibits I liked best was titled "Numismatic's Royal Ladies." This exhibit was not what could be called original because the coins were associated with white typed information blocks on a blue background and set in two cases in a straight linear or block arrangement. The limited information on each coin in this instance did show me considerable research because of

W. B. (BILL) SLATE

my own research for a future topical story on this subject. The difficulty here is that the ladies are often shown with their husbands and the information is on the men. In the case of the "Ladies" of Denmark and the Netherlands there is not much difficulty for those coins issued after 1930. Prior to this, the European Royalty family trees overlap and it is a needle in the haystack to find the maiden names of the queens or the daughters that are portrayed on other coins or medals of other countries. In this exhibit were a few medals and about 20 coins ranging from a Queen Anne silver half crown of Great Britain dated 1706 to the new six queens' crown of the 1975 Cayman Island issue. Other notable coins on display were a Russian Ruble of Anna Ivanovna dated 1706; silver thaler of Queen Augusta of Prussia dated 1861; Russian Ruble of Catherine II dated 1771 and a Russian silver piece of Empress Elizabeth Petrovna dated 1747. In addition to the previous

coins or countries mentioned a representative showing of ladies of the German States, English queens and Portugal were shown.

An exhibit which reminded me of a Texas exhibit featured 20 cents of the world and it was entitled "Twenty (20) unit coins of the World." This exhibit went from minor units to the major units and covered the time from 1582 to 1966, in all 211 coins from 116 countries were presented in upright frames with minimum information and they were shown adjacent to an atlas cutout of the country on an information block. I never did see the Texas exhibit but it shows that Texas again is a leader in exhibits. I had heard about this exhibit in the mid-sixties.

Poland was represented in two exhibits although only one was numismatic. The numismatic exhibit was contained in six upright cases and titled "Poland's Millenium." In the cases were many medals and a few coins but any general information was missing except what could be acquired from the coins or medals. The exhibit had some very rare medals and the effort to acquire the items was apparent. The non-numismatic exhibit consisted of 16 cases or frames of Polish military badges with a set of cards keyed to the case numbers

to describe the title of the badge.

My own "Islands Ho" exhibit has now been expanded to three cases entitled "Landmass Designs on Selected World Coinage." In the exhibit I show these coins that have a map as the primary design and they are set upon a brown felt background cutout like the landmass design. The countries or islands are then set upon a light blue background. The information block is done with a LEROY lettering set on a white background and the information follows the TNA exhibit rules for "BASIC" information.

The three other exhibits that were entered in other categories, but with topical themes, also happened to be category winners plus best in show. Sam Whipple of Ohio won top honors with his gold exhibit titled "Gold Coins of Selected English Monarchs." Neil Shafer was awarded first in paper money with "Deuces of the World." The remaining exhibit is mine and it took first in foreign since 1500 and was titled "Copper Surface Coinage of 19th Century Uruguay."

A stater is a term used in Greek numismatics for the principal denomination of a coin, either in gold, electrum or silver.

1976 TNA MEDAL

The eighth medal to be issued by the Texas Numismatic Association features the wild turkey which is native to Amarillo. The reverse carries the TNA emblem. The medals were issued in silver and bronze sets and in bronze singles at \$1.50 each. Orders may be placed with Howard W. Luke, TNA medals chairman, 823 N. Riverside Dr., Fort Worth, Tex. 76111.

TRANSPORTATION ON COINS-

By Ruby Threlkeld,
La Marque, Tex.

The earliest transportation known to man is from the Holy Bible. Mary, Mother of Jesus, rode a donkey on the way to the inn to give birth to the Holy Babe. Jesus rode a donkey into the city after the people spread flowers and palm branches on the street. Then we read of the warrior riding chariots into battle. In other places we read how people rode camels from country to country. The men used boats to catch fish for food. Dog sleds were used in the far north to transport the hunters.

Everyone knows the story of Columbus and Queen Isabella and how she loaned money to Columbus so he could buy ships and supplies to sail to the new world. This was the most famous type of transportation until man went to the moon.

We have read in the Bible about flying objects and this is the basis of some believers that UFO's or flying saucers have been in existence since the world was made. I hear a lot about these things, but have never seen any. Who can say they do not exist?

The first man on the planet we now live on was the American Indian. He rode wild horses to hunt for his food and to move his tribes to new areas. After the white man came to America the Indians traded horses for beads, tobacco and other things the white man brought to this country. The Indians also had canoes fashioned from animal hides, bone and bark. Later they used logs found in the wilds of America to make their boats.

Men from foreign countries in the 16th and 17th centuries sailed to America to settle the colonies and make homes in the New World. On

and on it goes from horse-drawn wagons to the model T Fords. The west was settled by white men who moved the first colonies to the plains. All of their possessions were carried on wagon trains and sometimes they were years crossing the frontier because of winter weather, Indian tribes and illness.

From World War I to the present day we have seen bicycles, automobiles, canoes, ships, horses and trains. We even have space ships to prove man did go to the moon.

When I first started collecting the topical coins, I could find many for 50c at most coin shows and flea markets, but now the price has gone up on some.

It is a challenge to try to locate a coin with an old auto or different Indian or race horses. There are many beautiful foreign coins with

ships and canoes on them. Right now, space ship coins or medals are easy to locate. Old model cars, covered wagons and others are plentiful if a person has patience and keeps looking. I am hoping someone will come out with a skate board on an elongated coin. This is the latest fad with the young boys and the most daring type of transportation. You can believe me when I say this sport is for the young! Since the election fever is going strong let us not forget the coins showing the elephant and donkey.

The biggest year for the U.S. silver dollar was 1922, when the combined mintage total hit 84,275,000, with Philadelphia making nearly five out of every eight coins. That total of 51,737,000 makes 1922 the top mintage coin. Lowest is the 1928, with only 360,649 made.

MANY THANKS!

The February issue of the TNA NEWS carried a center fold insert. The purpose of this was an appeal to the membership for funds to operate the Texas Numismatic Association and to buy silver for the 1976 medals.

The response was most gratifying both in number of individuals and clubs, and the amount of funds collected. An effort has been made by me to write a note of thanks to each donor.

We wish to recognize the following for making this project a success: Lyman and Pate Bartee, Mac and Eleanor Kennady, Col. Chas. A. Eliasberg Collection On Display At Mint

The only complete collection of United States coins is now on display at the U.S. mint at Philadelphia; the Bureau of the Mint has announced.

The Louis Eliasberg Memorial Exhibition as part of bicentennial activities in Philadelphia, Pa., will be on display until December 31. The collection contains a specimen of every coin regularly minted for circulation since 1792 when the mint was authorized. It contains foreign as well as domestic coins and currency.

ANSWERS —

To "Ten Questions" in May issue of TNA NEWS.

1 One would be describing the 1922-no D cent when talking about a U.S. coin as "Denver Mint, without the D."

2 One would be describing the Standing Liberty 25c if described as having "three stars below the eagle," and dated 1917.

3 With "three outlines to star, large date" one would be describing the U.S. 3c silver coin.

4 Gilroy Roberts designed the obverse of the Kennedy half dollar and Frank Gasparro the reverse.

5 A. A. Wemman affixed his initials on the Walking Liberty half dollar under the tip of the eagle's wing feathers.

6. In describing a "spiked chin variety" one would be referring to the half cent.

7 In describing the "comet variety" dated 1807 one would be referring to the large cent.

8 True. The 1859 Indian cent is the only one in the series that does not have a shield on the reverse.

9 The three mints tied for the lowest number of years producing coins are Dahlonega, Charlotte and Carson City.

10. Portraits of a Union and a Confederate veteran are shown on the Battle of Gettysburg commemorative half dollar.

Mule or hybrid is a coin produced from two dies not intended to have been used together. The term "hybrid" is the more usual in the field of ancient numismatics.

THE ERA OF THE PEDIGREEED COIN IS HERE!

Now, for the first time, you may
acquire rare magnificent premium
quality Silver Dollars from the **FABULOUS**
7.3 MILLION DOLLAR LAVERE REDFIELD COLLEC-
TION in custom protective holders that will each be
CERTIFIED as a GENUINE LAVERE REDFIELD Silver Dollar.

Pedigree is Probably the Least Known Major Factor in Numismatics!

Just ask anyone fortunate enough to own a coin from the King Farouk, Jerome Kern, Colonel Green, Adolphe Menjou, Gilhausen, Ruby, or other famous collection. He will tell you how he prizes his coin for its *pedigree*, as well as rarity and quality. You only have to read the descriptions in any major rare coin auction catalog and you will see that the previous owners of the coins will be listed wherever possible. The

prove for all future generations that they actually have one of the coins that broke the Guinness Book of Records, and because you will want to protect your valuable coins against any possible damage, fingerprints, etc. we have designed handsome custom holders. These will not only show off the full struck original mint brilliance of your 40 to 98 year old LaVerre Redfield Silver Dollars, but will also carry a two-color reproduction of the front page banner headline story which could turn out to be the *biggest numismatic* of the s

our millions of Americans and a leading investment for tens of thousands more

Exceptional Quality — Untouched for Over 40 Years

We are most pleased to have been chosen as one of the official distributors of the LaVere Redfield Silver Dollars, which have been described by the winning bidder A-Mark Coin Company, as "unbelievable" and of "exceptional quality."

So that the new owners of these Silver Dollars will be able to
